1720 BIG LAKE RD. CLOQUET, MN 55720 CHANGE SERVICE REQUESTED

Presort Std U.S. Postage PAID Permit #155 Cloquet. MN 55720

Local news FDL Broadcast news

By Dan Huculak,

WGZS Station Manager

There was some good news recently for the four Fond du Lac radio stations. First. WGZS was unanimously approved to join the Association of Minnesota Public, Educational Radio Stations (AMPERS). Being approved to join this membership of 17 public, non-commercial stations is great news, since the State of Minn. also approved the WGZS request for eligibility for state-funded grants for future projects and programming. We are also pleased to share the fact that we began to receive underwriting revenue in August.

The relationship with AM-PERS will allow WGZS to produce more local programs. purchase additional equipment, and share some of the good things going on in our community with our listeners. Additionally, the Reservation Business Committee approved the purchase and installation of a 950 MHz system to improve the reliability and sound quality of the WGZS signal from our studio to our transmitter. Once this step is complete, our signal will travel from studios in the Oiibwe School, to the WKLK transmitter tower, and sent via microwave about 15 miles to the WGZS transmitter west of Brookston. This may sound like a lot of

work but in reality, this move was made due to the poor bandwidth in the rural northwestern part of the Reservation while allowing the Fond du Lac Band to save more than \$100.000 in construction costs. Speaking of WKLK, our commercial radio stations downtown conducted a live remote broadcast Oct. 11 at the Scanlon Fire Hall as part of Fire Prevention month. LifeLink 1 Helicopter came and kids were given tours of the chopper. allowed to learn about fire and safety and how to put a fire out safely.

On Halloween night, we held our Annual WKLK/WMOZ on-air Halloween Party. We had on-air shows for the kids and pledge cards were sent home to the area school kids. More than 3,000 pledge cards were returned by the children and their parents. The cards asked for children to follow some basic safety rules during Halloween and to be home by 7:30 p.m. to listen to our party. We then drew two names from each school and gave those kids prizes for being home and following the safety rules.

On Nov. 1, WKLK held the Great Battery Give Away in conjunction with the Cloquet Area Fire District. The event was held in the parking lot of L & M Fleet Supply and the station gave away more than 400 free smoke detector batteries. This was all part of the national event of changing batteries in your smoke detectors when you change the time on your clocks back in the fall.

WKLK held its annual Big Auction Nov. 15. We had about \$25,000 in merchandise up for bid and buy. That brought in about \$7,000 in revenue to the station so far. Obviously there was not enough time to sell all of our certificates so many of them will carry over to our regular auction which is each Wed. at 10 a.m.

Finally, with basketball season now underway, please check our WGZS and WKLK Facebook pages for schedules as we try to broadcast as many of our local teams as we can.

The mission of this publication is to provide the Anishinaabeg community of the Fond du Lac Band of Lake Superior Chippewa, Fond du Lac Reservation, with news and information that will be of help to them in their everyday lives. In addition, our goal will be to highlight many of the honors, accolades, accomplishments and awards that are earned by community members but are mostly overlooked by the mass mainstream media.

It is our hope that through greater information about the activities of our people, this publication can be an instrument of true community. It is not our intention to be a vehicle of divisiveness. To that end, we do not publish editorials, opinion pieces or letters to the editor. There is an abundance of opportunity for the publishing, airing and dissemination of material of personal opinion in other communication vehicles available throughout the area, region and state.

Our mission is to provide for Fond du Lac Anishinaabeg a publication that will not dismiss their culture, heritage, hopes and dreams. We are striving to make this newspaper fill that role.

Local news A standing ovation

By Zachary N. Dunaiski

E very year on Nov. 11, there is much that we can and should thank our veterans for, and this year's Veteran's Day was no different. Black Bear Casino once again hosted a Veteran's Dinner for veterans and their families, as a thank you for their service to our country.

This was the first year in a while that Chuck Smith did not coordinate the event. Smith, who retired as the Veteran's Service Officer a few months ago, was in attendance and was thanked by the RBC and Tom Whitebird, who took over for Chuck after he retired.

"Being the Veteran's Service Officer has to be one of the most rewarding jobs of my life," Chuck Smith said, after he was thanked by the RBC and presented with a plaque. "Serving the veterans, I always tried to do my best for you guys. And I left the office in the capable hands of Tommy."

The members of the RBC were in attendance, and it was heartwarm-

ing watching as each of them went around thanking our veterans, sharing stories, and giving hugs for all that they have done for us and our country. But this night wasn't about the RBC, and I guarantee they would tell you the same thing. It was about coming together and thanking the brave men and women who risked their lives to help make our country great.

No moment has ever been more apparent than when Whitebird thanked and presented Bob Bassett, a World War II veteran and Fond du Lac's oldest veteran who turned 95 a few days after the dinner, for his sacrifices. Whitebird's thanks were followed by an emotional standing ovation for Bassett.

It's nice that we have a day to get all our veteran's together and thank them as a collective whole for all that they've done for us. Chairwoman Karen Diver put it best, "Our gratitude for each and every one of you and your service happens every day," she said that night to our veterans.

A few thoughts from RBC members

From the Chairwoman

The various lawsuits by the City of Duluth are continuing along. Oral

arguments were heard in the 8th Circuit Federal Court on Nov. 12. This lawsuit is about the "rent" not paid to the city from the period of 2009-2011. The Federal

Court will be making a decision on whether the money needs to be paid to Bro the city. Another of the City to v of Duluth's lawsuits is against enti the National Indian Gam- con ing Commission claiming the The

Commission erred in issuing the Notice of Violation that the various Fond-du-Luth agreements were unlawful under the Indian Gaming Regulatory Act.

> Both sides have asked for the court to make a decision in their favor based on the written record already submitted.

The Obama administration has developed an initiative called My

Brother's Keeper. My Brother's Keeper is intended to work with local government entities to provide support for community planning efforts. These planning efforts are designed to help communities to determine what they need to do to make sure that kids have the opportunity to grow up safe and supported. Fond du Lac is participating in this initiative and will be convening many of our divisions, the Ojibwe School, Social Services, Community Centers, Law Enforcement, etc., to review our programming and systems to see if there are other things we can be doing for our young people. We'll keep you updated.

As you are aware, the Band has treatment-as-a-state status for water quality. We have been very active in trying to maintain water quality on the St. Louis River, as it is the largest tributary to Lake Superior. It is our belief that Lake Superior needs to be protected. Right now, one in 10 babies is being born in the Lake Superior basin with mercury levels that are too high. In addition to the Band's water regulations, we are urging the Environmental Protection Agency (EPA) to take on a broader role in protecting the largest of the Great Lakes.

Right now, there are three states and two countries, and many tribal governments that should be taking a stewardship role. We believe that these efforts ought to be better coordinated, more transparent and more forward looking. The EPA will be convening the first meeting of these stakeholders in late November to begin the discussion of how this might look. There is no promise of new regulations at this time, but it is a start.

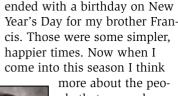

If you have any questions or comments, please let me know by email at karendiver@fdlrez. com, or the office (218) 878-2612 or by cell (218) 590-4887. I hope you have a wonderful holiday season.

Boozhoo,

t is the week to Thanksgiving already. The holiday season is upon us once

again. I have always been excited during this time of the year. Most of my family has birthdays in November, December, and January. My dad's birthday is in February and my sister Cathy is in April.

As a kid I had 3 months of celebrating with my siblings. We had birthday parties, Thanksgiving, and Christmas. We were out of school for a couple of weeks and it always

ple that are no longer with us. I think about their loved ones and how they are going to miss them during this time, but mostly I think about the promise of the season

Ferdinand Martineau

and the renewal of all things in the spring. I wish all of you the best in the coming months. I hope that you get to spend time with your loved ones and that all is well for you.

There have been a few things that have happened over the past month that are noteworthy. First, the Veteran's Dinner was very well attended. The vets welcomed in their new officer, Tom Whitebird and said goodbye to the retiring Chuck Smith. The speeches were short and the presentations were fine. The food was good and the company was fantastic. Most everybody that I had the opportunity to talk with was smiling and had good comments about the evening. We had special recognition for our oldest attendee, Mr. Bob Bassett, WWII veteran. He received a well deserved standing ovation.

The Fond-du-Luth case was heard in the District Court of Appeals this past week. We still have differing opinions as to whether the Band still owes the city money. I am not sure what the court will rule on the issue but we will see. There are still some court cases going on with the city and National Indian Gaming Commission (NIGC) that guestioned the NIGC's ability to order the stop payment to the city. We won in district court and Appeals court on these issues. The city is pursuing this through an administrative appeal process

in Washington D.C. and the Department of Justice is defending the NIGC in the process.

The last thing that I would like to mention is the community Thanksgiving feasts that will again be put on. Each community center sponsors a feast in their center. This is a nice way to get to know your center staff and others in the community. The food is also pretty darn good. I hope to see you there.

If you have any questions or comments please feel free to contact me. My office number is (218)878-8158 or you can e-mail at ferdinandmartineau@ fdlrez.com. Gigawaabamin

A few thoughts from RBC members

Brookston News Hello Band members

hope everything is well. I apologize for not having an article in our paper last month.

Winter is here, hunting is in full swing. I've been seeing some of our hunters out in the ditch banks while I was checking traps.

It's good to see our people out hunting and being in the woods. That's where we belong.

I want to say happy belated birthday to all active duty and reserve, and all former MARINES. Ok, the first exercise is the Marine Corps push up, it's a 4 count exercise: ready begin.

Just playing, happy birthday Marines (Semper fi). Happy birthday to all our military and prior military members.

Last month we had a meeting at the Brookston Center, and the meeting was with the youth. There were approximately 25 youth there, they had pizza and pop, the youth had a lot of things to say, on what they would like to see at the center as far as activities and programs. They also said what they wanted to see in their community. They want their voices heard; they want to be part of the solution. There will be another meeting at the Brookston Center Dec. 17 5:30 p.m. for the youth and 6:30-8 p.m. for the adults. Hope to see you there. There have been some interesting things

happening at the TEC level. The first thing is some of the membership is asking why there hasn't been a TEC meeting at Fond du Lac. It's been a long time since there was a TEC meeting on Fond du Lac. In the past the TEC meeting would rotate to every Reservation of the 6 Bands of the MCT.

Questions are being asked of the status of the White Earth issue that directly affects all of the MCT membership. The membership should be aware that there is a proposal to amend the Secretarial Election process. I should say that the process would eliminate the Secretarial Election from the MCT constitution. This would make it allowable to amend or

change the constitution without a Secretarial Election. The existing process calls an election of at least 30% of the eligible voters of the MCT. This will take away the voice of the MCT membership.

One of the issues that keep coming up is our drug problem on the Reservation. There were several members that would like to have public meetings to address this issue. That's a great idea, let's do it. Keep an eye out. The meeting notices will be posted soon. Thank you for your time. *Kevin R. Dupuis Sr.*

Cloquet News Hello All

would like to say thanks to Cheri Kozlowski for filling in at the Cloquet Community Center as the Center Director. Cheri has filled in, in the past and has done a great job. If you see her, please thank her for her dedication and commitment to our community.

The Cloquet Community Center is preparing for the upcoming holidays and they have a Bentleyville tour of lights trip scheduled for Dec. 13. On Dec. 14, they have a family movie morning as well as a holiday meal planned for 1 p.m. after the movies

in the Cloquet Community Center gym. They will have holiday backdrops for photos so bring your camera. Also, the annual Holy Family Bazaar will be held in the Cloquet Community Center on Dec. 7, from 9 a.m. until 7 p.m. Please stop by and help them with their fund

help them with their fund raising event. Some community service events our radio station has been involved with, or will be hosting, include the WKLK/WMOZ Halloween Party for the kids that was held on the air on Halloween night. The radio station gave out prizes to over 20 children. The radio station received over 3,000 Halloween pledge cards returned from grade school children across the Carlton County area. Also, On election night, WKLK-FM hosted election coverage from 7:30 p.m. until midnight. They covered all the local elections and had interviews throughout the evening from people who won office seats

as well as those that did not. They also covered analysis of what the election means to the northland. On Saturday, Nov. 1, they gave away 400 batteries, these were given away to those that came to their 'Great Battery Give Away.' This event was held at L & M supply in the parking lot. The Cloquet Area Fire Department co-sponsored this event with the radio station. The idea was to give anyone who wanted a new battery for their smoke detector. a brand new battery for free. This was the 5th annual event, which is always held the Saturday we turn the clocks back. On Saturday, Nov. 15 the radio station hosted their fall 'Big Radio Auction' from 9 a.m.-12 p.m. At this point they have over 25,000 dollars worth of goods and services for people to bid on or

buy. Nice work radio station crew!

I would like to congratulate Dan Danielson, one of our FDL Band members, on his election to a second term on the Cloquet School board. Another FDL Band member, Skip Sandman, should also be congratulated

Wally Dupuis

on his efforts during the election. It is always nice to see our members stepping up to take on these tasks. In an effort to help with our housing needs, FDL has partnered with "One Roof Housing." This is an opportunity for Band members to purchase a home. One Roof Housing acquired and rehabbed three blighted foreclosed homes in Cloquet and is making them available for purchase exclusively to FDL enrolled Band members. For more information about purchasing these homes please call (218) 727-5372 or visit www.1roofhousing.org

Community Land Trust homes available to FDL Band members

In a new partnership with the Fond du Lac Band of Lake Superior Chippewa, One Roof Community Housing acquired and rehabbed three foreclosed homes in Cloquet for its Community Land Trust (CLT) program and is making them available for purchase exclusively to any enrolled Fond du Lac Band members.

"We're honored by the partnership," states Jim Philbin, One Roof's Community Land Trust program director. "Fond du Lac invested \$90,000 into the 3 units. Their commitment helped to leverage an additional \$170,000 from the Minnesota Housing Finance Agency. This investment allowed us to acquire 3 blighted houses in the City of Cloquet and transform them into healthy, safe and affordable homes."

One Roof previously sold 3 Community Land Trust homes in the City of Cloquet that were developed with funding from the Cloquet Economic Development Authority and sold in 2013. One Roof works with local units of government and leverages both public and private funds to create permanently affordable homeownership opportunities through a one-time investment in the purchase of land and the underwriting of construction and repair costs.

The Community Land Trust homes in Cloquet available to enrolled Fond du Lac tribal members are:

• 24 3rd Street: 3 bedrooms,

1 bathroom. Market Value: \$120,000. Price: \$89,000. Now available for purchase.

- 109 7th Street: 2 bedrooms, 1 bathroom, 1 car garage. Market value: \$105,000. Price: \$79,000. Available for purchase in December 2014
- 26 13th Street: 4 bedrooms. 2 bathrooms, 2 car garage. Market value \$140,000. Price \$99,000. Available for purchase in March 2015. One Roof's CLT program sells homes to families whose income is no more than 80 percent of area median income (AMI). The homes are sold 20-30% below market value. The single-family homes typically have 3 bedrooms and 1 to 2 bathrooms. To date, One Roof has helped 345 individuals and families become CLT homeowners locally. The majority of those who have since sold their CLT homes moved on to traditional market rate homes. One Roof Community Housing's programs and services include providing affordable homeownership opportunities, multifamily development, down-payment assistance, homebuyer education and counseling, neighborhood revitalization coordination and home renovation lending, which all work together to create healthier neighborhoods and increased opportunities for low-to-moderate income people in the community to become homeowners. The organization has been recognized for having one of the most dynamic systems for engaging and supporting its CLT homeowners in Duluth, Proctor, Hermantown,

Two Harbors, and Cloquet.

One Roof was formed as a

501c3 non-profit organiza-

tion on January 1, 2012 by the

merger of Northern Communities Land Trust (NCLT) and Neighborhood Housing Services (NHS). Prior to the merger, NCLT enjoyed a local, state, and national reputation as a premier developer of CLT housing. For more information about programs and services, or the available homes, call (218) 727-5372, or visit: www.lroofhousing.org.

GED

GED classes are now taking place at the Cloquet Community Center Library at the following times: Tuesdays and Thursdays, 4:30-6:30 p.m.

This service is free to all FDL enrollees, employees, and their families. If the Tuesday and Thursday times don't work with your schedule, other options can be explored - just contact us.

To get started or to start working on your GED again, simply come in and register. An instructor will work with you individually to determine what areas you might need to study more, to help you set realistic goals for progress, and to make sure you are ready for the final tests. The tests and pre-tests are now computerized, and instead of five tests, there are now four.

Students work at their own pace—but the most important step is to make a decision, get the process started, and work on it every week.

For more information, contact: Peter Spooner at (218) 390-3064 PeterSpooner@fdlrez. com or Joan Markon at (218) 878-2658 JoanMarkon@fdlrez. com

Contract Health Services descendent eligibility

ecause of its trust responsibilities to provide health care to American Indians, the federal government included several provisions in the Affordable Care Act that are American Indian specific. One of these provisions is the ability for American Indians enrolled in a federally recognized tribe to enroll in a qualified health plan (OHP) at any time throughout the year. This provision does not apply to descendents of American Indians enrolled in a federally recognized tribe

Descendents are only able to enroll in a QHP during the open enrollment period. For the coverage year of January 1, 2014 through December 31, 2014, the open enrollment period ended March 31, 2014. Any descendent who does not enroll in coverage, either public or private, may face a tax penalty (Shared Responsibility Payment), and may risk their Contract Health Services eligibility.

For decades, Contract Health Services has served as a payer of last resort. With the new methods of securing private insurance at no cost to Indian patients, Contract Health Services dollars will only be used for those individuals who comply with all of the rules related to acquiring health insurance coverage. This includes completing the application process for public and private medical insurance through MNsure, Minnesota's new Health Insurance Marketplace.

Because of the confusion surrounding the ACA in general, and the lack of American Indian specific outreach and education, Contract Health Services eligibility for descendents will not be affected by non-enrollment in a OHP for the 2014 coverage year. The Open enrollment period for 2015 coverage begins November 15, 2014 through February 15, 2015. Descendents who do not complete the application process during this time will not be eligible for Contract Health Services beginning January 1, 2015. Please keep in mind that individuals must apply for Medicaid and MinnesotaCare at any time throughout the year to determine eligibility.

To ensure you and your family's CHS eligibility, please stop in to Min No Aya Win or CAIR to see a FDL Patient Advocate or call them at (218) 878-2165.

Twelve Tips

Came across an article providing Holiday Health and Safety tips on the Centers for Disease Control and Prevention (CDC) website. It was called the "Twelve Ways to Health". As I read through the list, I thought it would be fun to make my own Twelve Tips for the Holiday/Winter Season. I used ideas from the CDC site and other health and nutrition organizations to compile my list.

- 1. Wash your hands often. Not just your hands, but your child's hands as well. One of the easiest ways to cut down on germs and sickness is by hand washing. Wash with soap and clean running water. Rub hands together for 20 seconds. Rinse with clean running water and dry on a clean towel.
- 2.Handle and prepare food safely. Keep cold foods cold and hot foods hot. Leftovers should be placed in a labeled, covered container in the refrigerator within 1-2 hours of cooking.
- 3.Make healthy decisions. Try new foods. Make new traditions. Choose foods that are lower in fat and sugars. It is okay to place some fresh fruit on the dessert table.
- 4.Monitor portion sizes. Holiday fun, potlucks, and conversations can easily lead to overeating. Use a smaller plate to control portion sizes. Go through the food line twice- once to see everything that is offered and a second time to actually put food on your smaller plate. If you really want to taste something,

take a small spoonful versus a large serving.

- 5.Don't forget to move! Plan a family and friends walk or a sledding activity. Build a snowman. Have a Wii dance off. Anything that will get you away from the food, off the couch and your body moving will work. Healthy eating, portion control and activity can also help you reach your weight goals.
- 6.Be smoke free. Improve your health and protect the health of your little ones by quitting smoking. If quitting isn't an option for you at this moment, take your break outside, away from others that don't smoke.
- 7.Travel safely. The weather can be unpredictable, take precautions. Check the forecast before setting out. If travelling a long distance, let someone know your path and estimated time of arrival. Wear your seatbelt and make sure the little ones are in the proper car seat. Make sure you travel with your winter gear (jacket, mittens, boots). Pack a winter survival bag that includes a flashlight, a blanket, shelf-stable snacks such as dried fruit, protein bars, and granola bars; water, baby items (if travelling with a little one), ice scraper/ snow brush, 1st aid kit, sand or cat litter, a shovel and any other items you might need to spend an extended time stranded in your vehicle.
- 8.Manage stress. The weather, holidays, gatherings...they all can increase your stress level. Find healthy ways to manage

that stress. Some ideas include, exercising, talking with a support person, meditation, and planning ahead.

- 9.Get your flu shot. Colder weather often means people are indoors more. If someone is sick, it can spread pretty quickly to everyone at the party. Protect yourself and others by getting your flu shot and staying home if sick.
- 10.Make water the beverage of choice. Eggnog, fruit punch, pop, and juice can add unwanted sugar, fat, and calories. Choose water more often than the other sugary drinks. If you plan to drink alcohol, do so in moderation. Alternate water with an alcoholic beverage and set a limit. Never drink and drive.
- 11. Work on your goals for 2015. Make them realistic and obtainable. Take baby steps to get to a bigger goal. Develop a positive support system. Make sure your goals include seeing your healthcare provider for necessary checkups and routine exams.
- 12.Last, but not least, smile. Smile at yourself in the mirror, smile at your children and smile at others. It makes you feel better!

Have a safe and happy December and be sure to check out the CDC's Twelve Ways to Health list at http://www.cdc. gov/family/holiday/. It has many links for more details on how to be safe and healthy.

Managing Nicotine Triggers During the Holidays

Rozanne Hink,

Tobacco Cessation Health Educator

e are now in the heart of the holiday season. The holidays can be fun and exciting; getting together with family and friends, parties at work, and celebrating bringing in the New Year. However, for those who have duit smoking, they can be challenging, too. With high expectations of what we think our get-togethers with family and friends should be like for us, we can become stressed, and therefore, experience nicotine cravings. Just when you thought the cravings were becoming a thing of the past, they creep up on you. But, with careful planning you can minimize those craving and get through these holidays and stay smoke-free.

If you find yourself in the situation of experiencing the cravings, one of the first things you can do is to "identify" your triggers. For example, when your cravings started, what were you doing at that moment? Did you just have an argument with someone? Once you identify the trigger, rate it on a measuring scale of 0 being no craving to 10 being the highest, and then write down some things you learned in your Tobacco Cessation sessions you have attended in the past to overcome that trigger. Avoid situations that can ignite a trigger, such as staying away from people who do smoke. Don't keep cigarettes or other sources of commercial tobacco in your house or car. Light fragranced candles, go out for a walk in the beautiful snow; talk to a person who is supportive of your quitting tobacco and spend some time with them or go to a coffee shop where smoking is not allowed. All these strategies can help you stick to your quit plan.

While the ideas mentioned above can be very helpful for you, some smoking triggers you may not be able to avoid. For instance, standing on the sidewalk in front of a store where people are taking their last puff on a cigarette before putting it out in the ash container. This can ignite a trigger that turns into a craving within seconds. Plan ahead for these situations by carrying some gum and chew it while out shopping. Another way you can avoid a trigger is by offering to have holiday dinner at your house. Let everyone know you have quit smoking and have them smoke out on the porch. If you would like to put up a "No Smoking" window cling, just call me and ask for one. I will gladly send it to you or you can pick it up at the clinic. And, maybe it would be wise to decide which parties you want to attend this year. You can always kindly decline if you know there will be smoking indoors.

These strategies can become easier for you each time you anticipate a trigger and plan to avoid them. For more tips please give me a call or stop by my office, either at MNAW or CAIR and I will be happy to help you in any way I can. Call: MNAW (218) 878-3726 or CAIR (218) 279-4064. Have a happy smoke-free holiday season.

Child Car Seat Safety Clinics

id you know that crashes are the leading cause of death for children from ages 3 to 14? Using a car seat correctly can prevent many of these injuries and deaths. However, if car seats are not used correctly, serious injuries can occur.

Most Common Child Passenger Safety Mistakes

- Turning a child from a rear-facing restraint to a forward-facing restraint too soon; American Academy of Pediatrics recommends keeping children rear facing until 2 years old or until they outgrow height or weight requirements of their car seat
- Restraint is not secured tight enough - it should not move more than one inch from side to side at the belt path
- Harness on the child is not tight enough
- Retainer clip is too high or low, it should be at the armpit level.
- The child is in the wrong re-

straint; be sure the restraint fits the child and the vehicle

• All children under 13 years old should ride in the back seat.

Parents are encouraged to stop by a car seat safety clinic to have their child's car seat inspected free of charge. When a parent arrives, a certified car seat safety technician climbs into the vehicle to inspect child safety seats. Necessary adjustments will be made so the seats are properly installed to protect children in the event of a crash. The technician will also answer parents' questions or concerns about car seat safety.

Child passenger safety clinics are held monthly at the Cloquet Area Fire District. No appointment necessary. People will be helped first come first serve basis. If you have any questions please call Sarah at (218) 499-4258. Parents are asked to bring their child(ren), car seats, and cars to ensure proper restraint fitting. • Jan. 20: 1-3 p.m. Cloquet Area Fire District Station #1 508 Cloquet Avenue, Cloquet

Miigiziwag and Lead Poisoning

By Alison Cole,

Green Corp Member FDL RM Environmental Program

ith hunting season upon us, it is important to be aware of the types of ammunition you are using and the consequences they may have. The use of lead bullets in hunting has a negative impact on the environment and wildlife, most notably bald eagles. Twentynine eagles were admitted to the University of Minnesota Raptor Center last year for being poisoned by ingesting lead bullets or lead tainted animal remains. Only one of them

survived. Eagles are scavengers and therefore take advantage of gut piles left by hunters. When these guts contain fragments from the lead bullets used to kill the animal, the eagles eat them and can get sick and die.

Last spring the Fond du Lac Wildlife Program found a dead bald eagle on the Reservation. It was taken to a vet lab in the Twin Cities where the cause of death was determined to be lead poisoning. Not only is lead deadly for eagles, it is harmful to humans as well. Exposure from handling bullets is very detrimental to your health and it is extremely dangerous for children and pregnant women to be exposed to lead. Because of all of the environmental and health hazards that lead bullets bring about, it is essential for hunters to use non-lead ammunition, such as bullets made of copper. Contrary to what some hunters may believe. copper and other alternative ammunition performs just as well as traditional lead bullets. Mike Schrage, a Fond du Lac wildlife biologist and a hunter. has been using copper bullets since 2009 and has taken deer, elk, bison, and caribou with them. With all of the benefits of non-lead ammunition and a performance level that rivals those of lead, it is important

that we make the change and stop endangering animals and the environment. Reprint from: http://www.fdlrez.com/newnr/ environ.htm

Green Corp Member Alison Cole hard at work

Newest Green Corp Member

My name is Alison Cole and I am the new Minnesota GreenCorps member at Fond du Lac Resources Management. I will be involved in a variety of different projects having to do with environmental and sustainability outreach and education. I grew up in Saint Paul and obtained a Biology degree from the University of Minnesota, Twin Cities campus. I very recently have settled into a house in Cloquet. I have never lived in a small town before but so far it has been a welcomed change from city living. Fond du Lac is a beautiful area and I look forward to doing some fall hiking and breaking out some cross country skis when the snow comes. I'm looking forward to my 11 months here and working with all of you!

Air quality public comment session

By Alex Jackson,

FDL Resource Management Air Quality Program

The public comment session for Class I Air Re-designation closed on Nov. 10 at 4:30 p.m. There were close to one hundred emails or letters submitted. Air Quality staff will be reviewing and responding to comments that fall within the scope of the application and complete any necessary further research. The next step will be to submit an application to the EPA. We will add updates on next steps as they happen. Miigwech.

Twas the Night Before Ojibwe Christmas

By Tara Prindle

'Twas the night before Niibaaanama'egiizhigad, when all through the wiigiwaam Not an awakaan was stirring.

not even a waawaabiganoojiinh;

The moccasins were hung by the smoke hole with care, In hopes that Miigiwe Miskwaa Gichi Inini soon would be there;

The abinoojiinhyag were nestled all snug in their nibaaganan,

While visions of ziinzibaakwad danced in their nishttigwaan; And nimaama in her moshwens, and I in my makadewindibe,

Had just settled down for a long biiboon zhiibaangwashi, When outside the wiigiwaam there arose such a clatter, I sprang from the nibaagan to see what was the matter. Away to the waasechigan I flew like inaabiwin,

Tore open the shutters and threw up the gibiiga'iganiigin. The dibik-giizis on the breast of onaaband

Gave a shine like duct tape to objects zazagaamagad, When, what to my wondering

nishkiizhigoon should appear, But a miniature toboggan, and eight tiny waawaaskeshi, With a little old driver, so lively and wajepii,

I knew in a moment it must be Miigiwe Miskwaa Gichi Inini. More rapid than migiziwag his coursers they came, And he whistled, and biibaagi, and izhi-wiinde by name; "Now, Bimibatoo! now, Niimi! now, Babaamishimo and Moozhikwe!

On, Anang! on Zaagi! on, Animikii and Wawaasese! To the top of the porch! to the top of the wiigiwaam! Now Bimibide! Ipide! Ombi-

bidemagad!" As dry leaves that before the wiindigoo fly,

When they meet with BIA, mount to the sky, So up to the apakwaan the

coursers they flew, With the toboggon full of toys, and Miigiwe Miskwaa Gichi Inini too.

And then, in a twinkling, I heard on the apakwaan The prancing and pawing of each little inzid.

As I drew in my iniji, and was turning around,

Down the chimney Miigiwe Miskwaa Gichi Inini came with a bound.

He was dressed all in gipagawe, from his head to his foot, And his clothes were all tarnished with bingwiand and soot; A bundle of toys he mangiwane on his back, And he looked like a adaawewinini just opening his pack. His ishkiinzigoon -- how they

twinkled! his inowan how merry!

His miskwanowan were like roses, his nose like a chokecherry!

His droll little indoon was drawn up like a bow, And the beard of his chin was

as white as gichimookamaan; The stump of a opwaagan he held tight in his wiibidaakaajiganan,

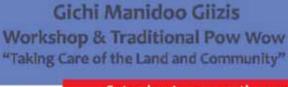

And the smoke it encircled his head like a miskwaanzigan; He was full up on frybread with little round belly, That shook, when he laughed like a wiigwaasinaagan of jelly. He was chubby and wiinin, a right jolly old elf, And I giimoodaapi when I saw

him, in spite of myself; A wink of his ishkiinzigoon

and a twist of his mangindibe, Soon gave me to know I had nothing to gotaaji;

He ojibwemo not a word, but went straight to his work, And filled all the moccasins; then turned with a jerk, And laying his ibinaakwaanininj aside of his nose, And wewebikweni, up the smoke hole he rose; He sprang to his toboggan, to his waawaaskeshi gave a whistle,

And away they all onjinizhimo like the down of a thistle. But I heard him biibaagi, ere he drove out of sight, "Happy Niibaaanama'egiizhigad to all, And to all baamaapii." Source: http://www.nativetech. org/poetry/ojibwechristmas. html

Death of an Indian Soldier – Pine Knot of Mar. 27, 1897

John Waubuno, a full blood Chippewa Indian, known to many of our readers, died on the 19th inst. at his home on the reservation here. He was about 63 years of age. Early in 1864 he was mustered into the military service of the United States, at LaCrosse, Wis., as private in Company I, Third Wisconsin Volunteer infantry, his regiment being a part of Sherman's army, was stationed for some time at Washington D. C., where he was mustered out at the close of the war. He was proud of the fact that he had served his country, and although he could not speak English, he knew the military drill perfectly, and had all the words of command, and would often go through the drill with great dignity and precision. He drew a pension of \$12.00 per month under the act of June 27th, 1899, but never joined any G.A.R. post, principally on account of his limited knowledge of the English language. John was well known to all

old residents of Cloquet and Carlton, at which latter place he met with the accident which deprived him of the fingers of his left hand. In bygone days, before village ordinances were enforced trains blocked the streets of Carlton, at their own sweet will, indefinitely. John was in Carlton one day, and after waiting half an hour grew impatient, and started to crawl across under the drawheads between two cars. He was in the act of creeping out on the other side, supporting himself with his left hand on the rail when the engine kicked back. He rolled out from between the cars and rose to his feet, apparently uninjured. But he held up his left hand, and the horrified spectators perceived that it had only two fingers left and they were hanging merely by shreds. He looked mournfully at the mutilated hand for a moment or two, and then flipped off the two remaining fingers and wrapped the bleeding hand in a handkerchief. He bore the pain like a stoic until Dr. Mc-Cormick arrived from Duluth, and submitted to re-amputation without any anesthetic, to the amazement of the doctor, who said it was the first instance of the kind in his experience.

1908 Fond du Lac Indian Census

Number 933 is listed as John Wahbuno who is 33 years old.

The Town of Waubeno, Wisc.

There is a town named Waubeno in northeast Wisconsin. It was originally a logging town. Waubeno means coming of the winds.

Ten Different Spellings of one Name

In my research files, there are 10 different spellings of Wabeneau. It is good to keep an open mind regarding the spelling of names whether it is the first name or the last name. You may be missing key pieces of information if you dismiss different or unusual spellings.

Another Civil War Veteran

I was so happy to find John Wabano another Fond du Lac Civil War Veteran. The first one I researched was Frank Defoe and the story was published in the June 2009 edition of this paper. The story was called Marching with the 9th – Frank Defoe Civil War Veteran.

Dawn and all the kids

Thank you

The Family of Shawn Ammesmaki would like to thank everyone who was there to support us during our tremendous loss of a wonderful dedicated father, brother, uncle, co-worker, and friend. You have no idea how much it meant to have our friends and family by our side. We cannot mention everyone but, we would like to say a very special thank you to St. Luke's Hospice Unit for their care and compassion they showed Shawn and our family during and after his illness. We cannot thank you enough from the bottom of our hearts we love you all. Sincerely, his daughters, Emily, Katie, and Shawnee Ammesma*ki and his brothers and sisters*

Miigwech to **Rav** "Skip" Sandman for being a courageous person and having a common sense valuable platform.

The family of Shawn Ammesmaki would like to thank the Fond du Lac community for your support during the loss of our father, brother, and uncle. Fond du Lac Honor Guard, Fond du Lac Cloquet ENP, Lyman La-Fave, the Mod Squad and Dixon Barnev thank you for your assistance during this difficult period. It helps us to heal. And for that loving support, we are forever grateful.

The family of **Donald Wallace** would like to thank the entire St. Lukes Hospital staff, Cloquet Memorial Hospital Staff, Dr. Charles Kendall and staff at Mina ava Win Clinic, ParaMedics/ EMT's of the Ambulance Crews, and all other health care providers who assisted Donald during his health struggles and finally, through his last days.

We would also like to thank Handevidt's Funeral Home for their excellent services, Pastor Michael Blanchet, Sue Connor, and the entire congregation of the Living Word Church/Duluth. We are ever grateful to the Fond du Lac Honor Guard, the Cloquet VFW Honor Guard, and the Minnesota Patriot Guard for their steadfast loyalty in honoring our beloved family member.

Donald was also helped by a number of Fond du Lac community services programs and you all know who you are so we offer you praise and many thanks. To the entire kitchen staff, we know it's been an incredibly busy time with all of our recent

losses on the Rez but you always come through, so we also offer you praise and thanks.

And, finally, we are most appreciative and grateful to the Fond du Lac RBC who provided the family with more than we ever expected or can begin to mention here. We believe that visit he made to your offices a week before he passed was his time to thank you one last time and maybe tell another story or two. Who knew how many lives he touched on his earthbound journey but just by the attendance numbers at his funeral, he obviously touched many. He was a character for sure, but most importantly, he was our brother, dad, grandpa, uncle, cousin, in law, reformed out law, and to numerous others, certainly a friend. May he Rest in Peace.

Congratulations

are happy to announce that they are now Mr. and Mrs. Harris after they exchanged Wedding
