

Burning Restrictions For Fond du Lac Reservation

In accordance with Fond du Lac Ordinance #05/93 open burning will be restricted within the Fond du Lac Reservation. These Restrictions will begin on May 14, 2018 and will remain in place until the sufficient precipitation is received. Fond du Lac has received relatively little rain this spring and until green-up occurs the fire danger will remain relatively high. The restrictions are as follows:

1. **No burning permits** will be issued to individuals
2. Properly manned and equipped management burns or training burns may be permitted.
3. Campfires or recreational fires are only allowed in a designated fire receptacle designed for such use, and must be associated with a residence, developed campground or resort. In all cases there must be and adequate source of water for extinguishing the campfire.
4. No use of fireworks within the Reservation Boundaries.

Reginald DeFoe, Director Resource Management
