

CHI-AYA'AAG DIBAAJIMOWAAD "Elders Telling Stories"

PROGRAM OVERVIEW

The Fond du Lac Tribal Historic Preservation Office will be scheduling dates, times, and locations to speak with any interested Elders. Our goal is to preserve place based knowledge and stories for the next seven generations.

Purpose:

The Office has a duty to identify the locations of cultural resources on or off reservation for the purpose of cultural resource management consultation. With your help, the Office can identify more locations that will be preserved from potential adverse effects to cultural resources. Together, citizens of Fond du Lac and the Tribal Historic Preservation Office can protect land that is culturally significant to Ojibwe people of present and of long ago

Disclaimer:

The purpose of this program is NOT to record aadizookanag (ie. winter stories/legends)
