Notice of Availability

ACTION: The Fond du Lac Band of Lake Superior Chippewa (FdL) is publishing a Finding of No Significant Impact (FONSI). Based on the Environmental Assessment (EA) for the Multiple Lease Lots Project, it has been determined that the proposed action will not have a significant impact on the quality of the human environment. Therefore, an Environmental Impact Statement is not required. The FONSI is available for a 30-day public comment period regarding the proposed construction of multiple single-family homes, garages, driveways, drinking-water wells, and septic systems on separate lease lots, located on the Fond du Lac Reservation in Carlton County and St. Louis County, in Minnesota.

COMMENT PERIOD FOR 30 DAYS: We invite your written comments on the Finding of No Significant Impact of the proposed project. Written comments will be accepted at the address below until 30 days following the date below. Please include your name and address with your written comments.

This FONSI is a finding on environmental effects, not a decision to proceed with an action, therefore, the FONSI determination cannot be appealed. An appeal may be made regarding the subsequent Band decision to proceed with the implementation of the major Band action.

CONTACT INFORMATION: You may obtain a copy of the EA by mailing or faxing a written request including your name and address to:
