What are some of the most challenging things about weeding? What is your favorite skill or tool that you use to manage weeds in your garden? Come learn about using scrap metal and wooden dowels to make a precision weeding tool for your garden. Lets also have a discussion on different types of weeding methods and ways to manage weeds without over tilling.

Join us , to learn with KaZoua Berry program manager of Big River Farms, a program of the Food Group of MN. Big River Farms is an organic incubator training program where 15-20 farm teams learn how to farm and build their farm business. Big River Farms is located on Marine on St. Croix by Stillwater, MN.
